What is Micro Transit?

Micro Transit is a flexible and on-demand transportation service operating within specific zones or areas that may connect you to fixed route service to get to the final destination. It allows passengers to request rides using a smartphone app, website, or phone call, offering more convenient and flexible service. Micro Transit vehicles pick up passengers from designated locations and take them to their destinations within the defined service area, often utilizing real-time scheduling to optimize routes and reduce wait times. It's a responsive and adaptable transit solution that aims to cater to individual travel needs within a certain geographic area.

Cancellations & No Shows

Passengers will receive credit for future rides if they are dropped off later than the guaranteed arrival time or if the driver misses the estimated pickup time. Refunds won't be given for cancellations, but credits will be valid for 120 days after being issued. If a passenger doesn't show up, the original charge won't be refunded. Excessive cancellations will be noted on a customer's record, and those canceling more than 5 trips per month may face suspension.

Customers who receive a total of 5 No Shows in a 30 day period will receive a written notice of Service Suspension, and a 30-day service suspension will be imposed. Customers will be given 14 calendar days from the date the suspension letter is mailed to appeal the decision.
