Passenger Risks Assumed Riding on a public transit vehicle is one of the safest ways to travel. MetroLink drivers are well trained and MetroLink maintains an excellent safety record. However, MetroLink does not have control over the actions of other drivers on the road. As a rider on a MetroLink vehicle you assume the passenger risks involved in the normal operation of a moving vehicle on public streets, such as sudden stops, evasive movements, and turns. Your seat may not be equipped with a seat belt. You should always hold on to a hand rail while the vehicle is in motion. Likewise, if you are riding as a standee you should secure yourself by holding onto a stanchion or hand rail at all times. Failure to abide by these rules will result in the removal of the individual or individuals from MetroLink property and/or suspension of bus services
